# 01 // BRAND PLATFORM

*01 // brand platform*

# 1.1 BRAND OVERVIEW

## THE CORE IDEA

*DESIGN WORTH NOTICING.*

OBJEKT gives ordinary things a presence of their own.
It is the member of the family that lives closest to daily life:
on the table, on the shelf, by the bed, in the hand.

*01 // brand platform*

# 1.2 BRAND STORY

## WHO WE ARE

Most everyday objects are made to be used and forgotten.
A tray. A vase. A lamp. A tissue cover.

OBJEKT starts from a simple question:
what if they were made to be noticed?

Born at Polycraft in Cairo, OBJEKT designs objects and lighting that live in the space between function and expression. Each piece is shaped through bold, faceted form and made by skilled hands from honest materials.

Nothing is decorative for its own sake.
Every edge, surface and finish has a reason to exist.

**The everyday becomes desirable.**

*01 // brand platform*

# 1.3 BRAND VALUES

## FUNCTION

Every piece works first. Expression never gets in the way of use.

## MINIMALISM

Simple, easy, and beautiful. It's part of what an object is for.

## MATERIALITY

Texture, weight and finish are part of the experience. Material is chosen, never defaulted.

## DETAIL

Presence lives in the small decisions: an edge, a curve, a finish.

*01 // brand platform*

# 1.4 VISION & MISSION

## VISION

A home where nothing goes unnoticed.

We imagine a world where the small things in a space (the tray, the lamp, the vase) are designed with the same intention as the room around them.

## MISSION

We turn everyday objects into design worth noticing.

We design and make objects and lighting in Cairo, shaped by bold form and honest material, so the things we reach for every day become the things we notice.

*01 // brand platform*

# 1.4 VISION & MISSION

## VISION

A home where nothing goes unnoticed.

We imagine a world where the small things in a space (the tray, the lamp, the vase) are designed with the same intention as the room around them.

## MISSION

We turn everyday objects into design worth noticing.

We design and make objects and lighting in Cairo, shaped by bold form and honest material, so the things we reach for every day become the things we notice.

*01 // brand platform*

# 1.5 TONE OF VOICE

## CONFIDENT

We state things plainly. We don't hedge, over-explain or oversell. The objects have presence, so the words don't need to shout.

## CONCISE

Short sentences. Simple words. One idea at a time. White space matters in our copy as much as it does in our layouts.

## CURIOUS

OBJEKT looks closely at ordinary things: the curve of a rim, the way light moves across a surface, the weight of an object in the hand.

## CRAFTED

Our words are shaped with the same care as our objects. Rhythm, spacing and word choice are deliberate, and there's a light touch of play without ever being careless.

*01 // brand platform*

# 1.6 BRAND POSITIONING

*WHERE WE STAND*

## BETWEEN FUNCTION AND EXPRESSION

For people who care about the details of their space, OBJEKT creates contemporary objects and lighting that turn everyday function into expression, shaped by bold form, honest material and skilled fabrication in Cairo.

*01 // brand platform*

# 1.7 BRAND AUDIENCE

## *WHO WE'RE FOR*
## PEOPLE WHO NOTICE

OBJEKT is for people who believe small things shape how a space feels. They don't need more objects. They want better ones, with a reason to exist and a presence of their own.

### 1 - THE DESIGN-AWARE HOMEOWNER

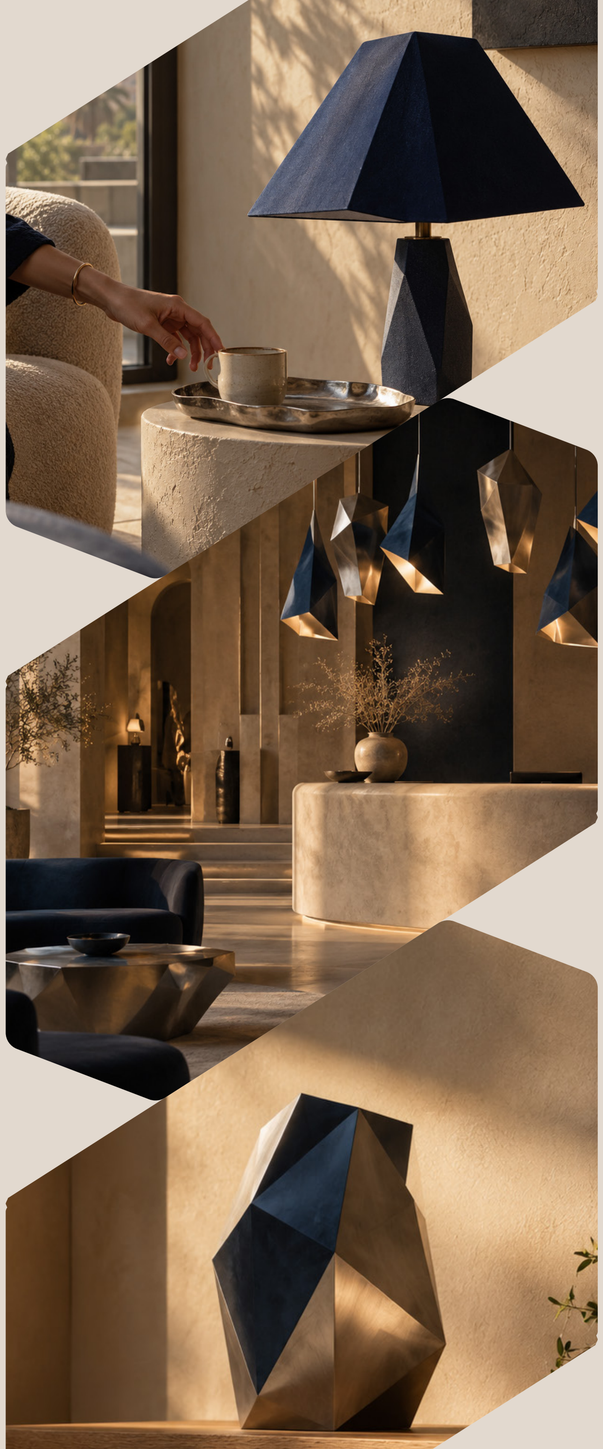

28–45, urban, settled or building a home. Follows architecture, interiors and design culture. Has a developing eye and a clear taste.

### 2 - THE SPACE SHAPER

Interior designers, architects, stylists and hospitality teams

### 3 - THE COLLECTOR IN THE MAKING

Younger, design-curious, early in their own space-making. Starts with one small piece.

*01 // brand platform*

# 1.8 BRAND PERSONALITY

## EXPRESSIVE

OBJEKT doesn't make neutral objects. Every piece has a stance, and the brand lets its forms speak loudly.

## TACTILE

Surface, weight and finish are part of the story. You should want to pick the object up before you've read about it.

## DISTINCTIVE

OBJEKT looks and sounds like OBJEKT. The angular forms, the K, and the material-led language are ours.

## PLAYFUL

There's humor and lightness in the shapes and the words. OBJEKT makes everyday things more fun to live with.

# 2.4 LOGO MARK

The logo mark was derived and inspired by the actual pieces that are created at Objekt therefore we wanted to show the sharp edges as a style with the minimal roundness to compliment the wordmark used to create the whole logo

*02 // logo system*

# 2.5 LOGO COLORS/ ONE COLOR

The symbol and wordmark always share the same color. Exact color values (HEX, RGB, CMYK, Pantone) will be defined in the color section.

# 2.6 LOGO CLEAR SPACE

The logo needs protected space around it so nothing crowds it. This matches the brand idea: presence needs room.

The unit: O = the cap height of the wordmark

Rule:
Keep a minimum of 1X of clear space on all four sides of the lockup, measured from the outer edge of the symbol, the wordmark and the whole lockup.

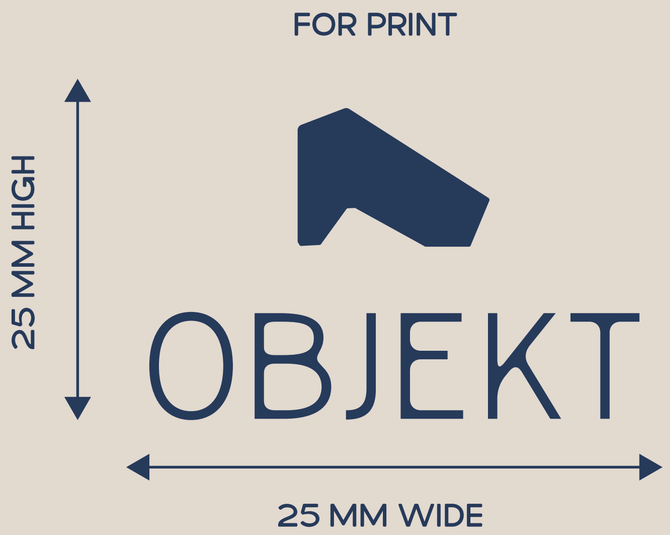

*02 // logo system*

# 2.7 MINIMUM SIZE RULES

The wordmark has thin strokes and the symbol has a small stepped cut, so both need a minimum size to stay crisp.

Below the minimum: switch to the symbol only. Don’t shrink the full lockup until the wordmark becomes unreadable.

On materials: when embossing, engraving or stamping onto products, test the smallest size on the real material first. Textured surfaces like plaster and brushed steel need more size than paper does.

*02 // logo system*

# 2.8 USAGE RULES

DO NOT OVERLAP THE LOGO

DO NOT USE COLORS OUT OF
THE COLOR PALETTE

DO NOT ADD SHADOWS TO
THE LOGO

DO NOT ADD EFFECTS
ON THE LOGO

DO NOT STRETCH THE LOGO

DO NOT CHANGE THE ICON MARK

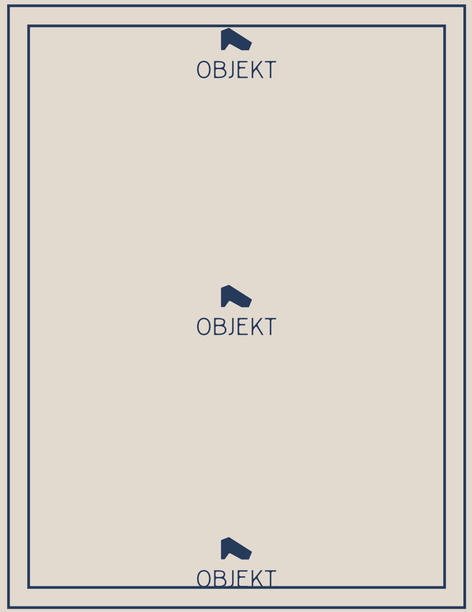

*02 // logo system*

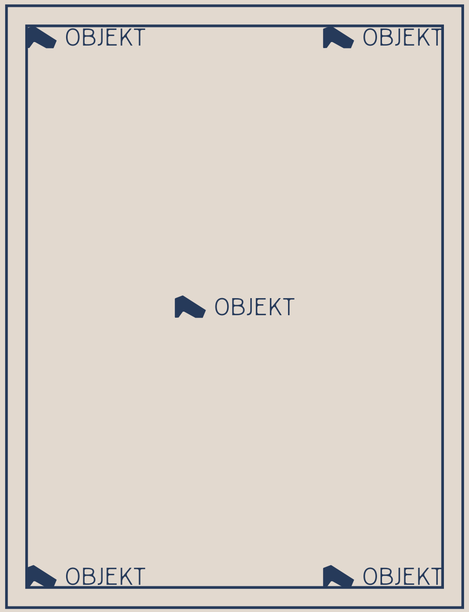

# 2.9 PLACEMENT RULES

## THE CORE IDEA
